RE: United States v. S.H.Bell Co.  
Civil No. 4:08-cv-96 (N.D. Ohio), and DOJ Reference  
No. 90-5-2-1-07823

Dear Judge Lioi,

My name is Alonzo Spencer, president of Save Our County, Inc., an environmental group in East Liverpool, Ohio. It came to my attention today, February 7, that there is a 30 day public comment period for the above referenced case. There was no public notice or publicity regarding this case in our community so we had no way of knowing that the 30 day clock was ticking. We were not even informed that a complaint against the company had been filed by the United States Environmental Protection Agency in 2001. We are asking that you extend the comment period for another 30 days in order for us to be allowed to make comments. In light of the recent release by the Ohio Environmental Protection Agency of the air quality study in East Liverpool and the high cancer risk posed by S. H. Bell, we feel that we deserve the opportunity to have our voices heard on this matter.

Sincerely,

  
Alonzo Spencer, president

*Yours For A Cleaner Environment*
